

Multi-Account authorization allows a member to log in to an account (Login Account) through Digital Banking and access another account (Access Account) within the same session. This access includes the ability to view balances and transfer funds from the Login Account to the Access Account. The primary member of the Login Account and Access Account must authorize Multi-Account to be added.

## MULTI-ACCOUNT AUTHORIZATION

I hereby authorize the addition or removal of Multi-Account access using the Credit Union's Digital Banking system for the Login Account and Access Account listed below.
